

**CHANGE OF ADDRESS**

The Faculty Association maintains a data base of all faculty members, their contracts, steward areas, etc. for various reports.

In order to maintain this data base, we rely on information supplied to us by the personnel department at CNC as well as information supplied to us by the faculty members themselves.

It is extremely important that our data base contain all members' current addresses, and must rely on the members to supply us with this information.

Please take time to fill out a change of address and leave it in the Faculty Association mail box (#286).

Thank you for your cooperation.

Name: (please print clearly)
